Education is prevention. We are excited to bring the Mentors in Violence Prevention (MVP) program model to CMS and CHS for the 2018-2019 school year.

MVP is a bystander education program that seeks to empower those who might otherwise be silent observers to situations where bullying and gender violence is unfolding. The MVP model utilizes trained student leaders (MVP mentors) to guide age-appropriate discussions and problem solving activities around scenarios that depict harassment, bullying, and other forms of gender violence. The middle school program focuses on building positive peer relationships, cultivating character, and teaching/modeling healthy social skills, while offering a safe place to talk about typical 5th grade situations and adjustments to being a middle school student.

Mentors will work with their building counselor and our MVP trainer every two weeks to discuss activities and topics that will be presented to mentees. Mentors will not be working one-on-one with students; they will always be grouped together with an entire class.

CHS & CMS mentors were trained Oct. 11th (CMS) and Oct. 12th (CHS). The students participated in leadership activities, set goals and expectations, studied gender bias, and learned about the powerful and important role of bystanders to prevent bullying, harassment, and abuse.

MVP contributes to our district’s commitment to a healthy school climate and culture and supports the development of well-rounded, socially responsible citizens. For more information, please visit https://cvp.uni.edu/ or contact Mrs. Bird or Mrs. Almelien.

Education is prevention

We are excited to bring the Mentors in Violence Prevention (MVP) program to the middle and high school for the 2018-2019 school year to help our youth understand how they are a part of violence prevention.

Mentors in Violence Prevention is a bystander education program that seeks to empower those who might otherwise be silent observers to situations where bullying and gender violence is unfolding. The MVP model utilizes trained student leaders (MVP mentors) to guide age-appropriate discussions and problem solving activities around scenarios that depict harassment, bullying, and other forms of gender violence. The middle school program focuses on building positive peer relationships, cultivating character, and teaching/modeling healthy social skills, while offering a safe place to talk about typical 5th grade situations and adjustments to being a middle school student.

Mentors will work with their building counselor and a MVP trainer every two weeks to discuss activities and topics that will be presented to mentees. Mentors will not be working one-on-one with students; they will always be grouped together with an entire class.

Students applied and were chosen based on their leadership skills, experience, and commitment to MVP and Clarinda PRIDE standards. The mentors received training October 11th & 12th. Students participated in leadership activities, set goals and expectations, studied gender bias, and learned about the powerful and important role of bystanders to prevent bullying, harassment, and abuse.

MVP contributes to our district’s commitment to a healthy school climate and culture and supports the development of well-rounded, socially responsible citizens. For more information, please visit https://cvp.uni.edu/ or contact Mrs. Bird hbird@clarindacsd.org or Mrs. Almelien salmelien@clarindacsd.org.
